Member, Board of Revenue and Commissioner of Land Revenue, Excise and Prohibition.

Reference:-

In para 3 of the Government Order Ms. No.2159 Revenue dated 10.9.48, the Government asked for a report as to the minimum number of sweepers required for the Prohibition Staff College. The Principal, reports that total strength of 16 sweepers will be required for employment in both the buildings viz. Mackays Gardens and Wellingdon occupied by the College. This strength is suggested according to the scale of employment followed in the Police Training School Vellore, It is reported that 8 sweepers, 6 watermen and 5 scavengers for the first 250 recruits and one menial in each class for every additional 30 recruits are provided for, there. At this rate a total strength of 16 sweepers, 14 watermen and 13 scavengers are required for the Prohibition Staff College, Madras. The Principal states that every effort will be made by him to see that the trainees themselves clean their residences.

2. The Government have already sanctioned the appointment of 8 watermen and 8 scavengers in their order cited. The Principal reports, however, that an additional staff of 6 watermen and 5 scavengers is necessary. Unlike the Police Training School Vellore, this College and the Residential buildings are situated one mile apart. Further, the Principal reports that the number of scavengers will be considerable reduced when the flush-out latrines are provided for. Considering these factors, the Board recommends that the staff of 16 sweepers, and an additional staff of 5 scavengers and 6 watermen now asked for by the Principal may be sanctioned by Government.

3. The Principal has employed 12 sweepers and

4 scavengers with effect from 31.8.48 in anticipation of sanction. The Board has approved his action and requests that its action may be ratified by Government.
